Announced earlier this morning, the latest addition to the team is Brian "Head" Welch, the founding member of Kittie. Welch, who performed in the early days of the band along with his cousin, will join the group on this tour, filling in for Corey Taylor. The band will also bring back original bassist Jason Newsted and Jason Newsted will join Metallica on bass for the European dates. In support of their upcoming co-headlining trek, the band will be performing songs from each band's most recent album.

What's New In?

Shuttle is a freeware that looks like a system tray browser. It sits quietly in the system tray and can be easily launched to perform quick searches. With Shuttle, you can search from the Internet, from images or PDF documents, from the hard disk or even launch applications.
