The latest version of FileZilla 3.0.6 features many new features, improvements, and bug fixes. It also includes a set of new features that are not included in the previous stable release: proxy support, version 3.0.6 of the SFTP protocol, and support for HTTP 2.0. Other new features are the ability to customize folder and file transfer preferences, drag-and-drop support for renaming files during transfer, the ability to set a directory listing size limit, and new UI enhancements and performance improvements. See the release notes for more information. RemoteScan Enterprise Server 10.818
